Author Index to Volume 54 (2009)

A

Abou Abdallah DS, *coauthor:* Irani F, **54(8):1112**

Abouzgheib W, *coauthor:* Gerber DR, **54(12):1653**

Agarwal R et al: Outcomes of noninvasive ventilation in acute hypoxemic respiratory failure in a respiratory intensive care unit in North India, **54(12):1679** *original research*

Agarwal R, *coauthor:* Aggarwal AN, **54(12):1697**

Agarwal R, *coauthor:* Singh N, **54(12):1688**

Aggarwal AN et al: Automatic tube compensation as an adjunct for weaning in patients with severe neuroparalytic snake envenomation requiring mechanical ventilation: a pilot randomized study, **54(12):1697**

Aggarwal AN, *coauthor:* Agarwal R, **54(12):1679**

Aggarwal AN, *coauthor:* Singh N, **54(12):1688**

Al-Hashim AH, *coauthor:* Mehta S, **54(2):186**

Alkana PE: Innovation in pulmonary rehabilitation: experimenting with a hybrid, **54(9):1163** *editorial*

Alkana PE: Noninvasive ventilation made simple, **54(2):264** *books, software, and other media*

Allan JS et al: High-frequency chest-wall compression during the 48 hours following thoracic surgery, **54(3):340** *original contribution*

Allan PF et al: Airway humidification during high-frequency percussive ventilation, **54(3):350** *original contribution*

Allan PF et al: Feasibility study of noninvasive ventilation with helium-oxygen gas flow for chronic obstructive pulmonary disease during exercise, **54(9):1175** *original research*

Almeida FG de et al: Hallway versus treadmill 6-minute-walk tests in patients with chronic obstructive pulmonary disease, **54(12):1712** *original research*

Alton EWFW, *coauthor:* Davies JC, **54(5):606**

Arcidiacono G, *coauthor:* Polosa R, **54(8):1033**

Arentz MJ: Clinical tuberculosis, 4th edition, **54(5):674** *books, software, and other media*

Argalious MY: Manual of emergency airway management, 3rd edition, **54(11):1508** *books, software, and other media*

Ari A: Connecting students to institutions: the relationship between program resources and student retention in respiratory care education programs, **54(9):1187** *original research*

Ashlock M, *coauthor:* Marshall BC, **54(6):788**

Atallah ÁN, *coauthor:* Valderramas SR, **54(3):327**

Au DH, *coauthor:* Maciejewski ML, **54(7):878**

Aziz K, *coauthor:* Johnston KL, **54(12):1665**

B

Badet M et al: Comparison of optimal positive end-expiratory pressure and recruitment maneuvers during lung-protective mechanical ventilation in patients with acute lung injury/acute respiratory distress syndrome, **54(7):847** *original research*

Baker DA: Airway management in emergencies, **54(2):266** *books, software, and other media*

Ballard HO, *coauthor:* Hayes D Jr, **54(4):542, 54(11):1493**

Barnes TA, *coauthor:* Kacmarek RM, **54(3):375**

Barr RG, *coauthor:* Sachs MC, **54(10):1321**

Barreiro TJ: Recurrent symptomatic pleural effusions: approaches to diagnosis of a difficult problem, **54(8):1026** *editorial*

Barrios RJ: Diagnostic pulmonary pathology, 2nd edition, **54(10):1416** *books, software, and other media*

Bassani MA et al: Noninvasive ventilation in a pregnant patient with respiratory failure from all-trans-retinoic-acid (ATRA) syndrome, **54(7):969** *case report*

Bates JHT, *coauthor:* Patel KN, **54(11):1462**

Bates PW: Lung cancer, 3rd edition, **54(6):803** *books, software, and other media*

Bauer A et al: Output and aerosol properties of 5 nebulizer/compressor systems with arformoterol inhalation solution, **54(10):1342** *original research*
Bauer A et al: The influence of breathing pattern during nebulization on the delivery of arformoterol using a breath simulator, **54(11):1488** *original research*
Baun MM, *coauthor:* Benedik PS, **54(3):334**
Bayle F, *coauthor:* Badet M, **54(7):847**
Beall RJ, *coauthor:* Marshall BC, **54(6):788**
Behera D, *coauthor:* Agarwal R, **54(12):1679**
Benditt JO: Novel uses of noninvasive ventilation, **54(2):212** *conference proceedings*
Benditt JO: Ventilatory support for chronic respiratory failure, **54(2):265** *books, software, and other media*
Benditt JO et al: response to McCracken J, **54(10):1412** *letter*
Benedik PS et al: Effects of body position on resting lung volume in overweight and mildly to moderately obese subjects, **54(3):334** *original contribution*
Bennett MH: Hyperbaric medicine practice, 3rd edition, **54(7):979** *books, software, and other media*
Berg EB & Picard RJ: In vitro delivery of budesonide from 30 jet nebulizer/compressor combinations using infant and child breathing patterns, **54(12):1671** *original research*
Betit P: Extracorporeal membrane oxygenation: quo vadis? **54(7):948** *symposium: current and evolving concepts in critical care*
Betit P & Craig N: Extracorporeal membrane oxygenation for neonatal respiratory failure, **54(9):1244** *symposium paper*
Bidani A, *coauthor:* Benedik PS, **54(3):334**
Bierer GB & Soo Hoo GW: Noninvasive ventilation for acute respiratory failure: a national survey of Veterans Affairs hospitals, **54(10):1313** *original research*
Bilton D, *coauthor:* Davies JC, **54(5):628**
Bjermer LH & Werner S: Allergic diseases diagnosis and treatment, 3rd edition, **54(11):1503** *books, software, and other media*
Blakeman TC et al: Accuracy of the oxygen cylinder duration calculator of the LTV-1000 portable ventilator, **54(9):1183** *original research*
Blanquer J, *coauthor:* Sancho-Chust JN, **54(12):1732**
Boitano LJ, *coauthor:* Toussaint M, **54(3):359**
Boon W, *coauthor:* Donn SM, **54(9):1236**
Boone EL, *coauthor:* Rye KJ-B, **54(7):868**
Bovet LL, *coauthor:* Bauer A, **54(10):1342, 54(11):1488**
Branson RD: Conditioning inspired gases: the search for relevant physiologic end points, **54(4):450** *editorial*
Branson RD, *coauthor:* Blakeman TC, **54(9):1183**
Branson RD, *coauthor:* Callcut RA, **54(10):1379**
Branson RD & Johannigman JA: Innovations in mechanical ventilation, **54(7):933** *symposium: current and evolving concepts in critical care*
Brooks TM, *coauthor:* Walsh BK, **54(9):1193**
Brown DJ, *coauthor:* MacDonald KD, **54(12):1727**

C

Callcut RA & Branson RD: How to read a review paper, **54(10):1379** *symposium paper*
Camargo CA Jr, *coauthor:* Hess DR, **54(10):1306**
Campbell PW III, *coauthor:* Marshall BC, **54(6):788**
Canada TD, *coauthor:* Pirat A, **54(4):487**
Carlin BW: Pulmonary rehabilitation and chronic lung disease: opportunities for the respiratory therapist, **54(8):1091** *symposium: COPD–empowering respiratory therapists to make a difference*
Carlin BW, *coauthor:* McCoy RW, **54(3):324**
Cavallazzi R, *coauthor:* Vasu TS, **54(8):1028, 54(9):1263**

Subject Index to Volume 54 (2009)

1–144 JAN	417–560 APR	817–992 JUL	1281–1424 OCT
145–288 FEB	561–688 MAY	993–1136 AUG	1425–1600 NOV
289–416 MAR	689–816 JUN	1137–1280 SEP	1601–1776 DEC

A

Acute lung injury
acute fibrinous and organizing pneumonia caused by decitabine (case report), 1263
legacy of NIH Acute Respiratory Distress Syndrome Network (Kittredge Lecture), 912
noninvasive ventilation for, randomized controlled trials, 118
noninvasive ventilation outcomes in acute hypoxemic respiratory failure, 1679
optimal PEEP vs. recruitment maneuvers during lung-protective mechanical ventilation, 847
A sigh of relief for ARDS? (editorial), 839
translating evidence into practice, 1386

Acute respiratory distress syndrome (ARDS)
airway pressure-release ventilation in pregnancy (case report), 1405
extracorporeal membrane oxygenation for, 951
legacy of NIH Acute Respiratory Distress Syndrome Network (Kittredge Lecture), 912
noninvasive ventilation for, randomized controlled trials, 118
noninvasive ventilation outcomes in acute hypoxemic respiratory failure, 1679
optimal PEEP vs. recruitment maneuvers during lung-protective mechanical ventilation, 847
A sigh of relief for ARDS? (editorial), 839

Acute respiratory failure
noninvasive ventilation for
delivery sites, 62
in do-not-intubate patients, 223
history and epidemiology, 40
interfaces and humidification, 71
randomized controlled trials, 116
in Veterans Affairs hospitals, 1313

Adenocarcinoma, bronchioalveolar
hypoxemic respiratory failure from lung adenocarcinoma with (teaching case of the month), 1496

Advance directives
noninvasive ventilation for do-not-intubate patients, 223

Aerosols and aerosol administration
arformoterol inhalation solution, output and aerosol properties of five nebulizer systems, 1342
arformoterol nebulization and delivery, breathing pattern influence, 1488
budesonide delivery from 30 jet nebulizer/compressor combinations, 1671
chronic obstructive pulmonary disease
hyperosmolar saline for, 318
hypertonic vs. normal saline in exercise training, 327
cystic fibrosis
antibiotics for, 658
delivery devices, 754
moisture accumulation in inline spacer and metered-dose inhaler aerosol delivery, 1336
slow-mist devices, 758
smart devices, 761
vibrating-mesh devices, 759
workload comparison with 2 different nebulizers, 495

Age factors
maximal respiratory mouth pressures in adults, 1348

Airway care and management
airway humidification during high-frequency percussive ventilation, 350. Correction, 978
book reviews
Airway management in emergencies (Kovacs G, Law JA), 266
Manual of emergency airway management, 3rd ed (Walls RM, Murphy MF), 1508

in cystic fibrosis
airway clearance therapy guidelines and implementation, 733
airway clearance therapy techniques, 739
respiratory therapist role, 587
mechanical insufflation/exsufflation in neuromuscular disorders, 1473
for pulmonary exacerbation in cystic fibrosis, 769
Airway obstruction
inspiratory flow-volume curve, for upper airway disease detection, 461
specific conductance criteria for positive methacholine challenge test, 1168
spirometry for assessment in COPD, 1050. Correction, 1501
spirometry vs. flow-volume loop for detecting, 474
Airway pressure
expiratory regulation and Servo-i ventilator during invasive neonatal ventilation (letter), 1118
maximal respiratory mouth pressures in adults, 1348
maximum inspiratory and expiratory pressure reference equations (editorial), 1304
Airway pressure-release ventilation
in pregnant patient with ARDS (case report), 1405
All-trans-retinoic acid (ATRA) syndrome
noninvasive ventilation for respiratory failure from, in pregnancy (case report), 969
Allergies. *See* **Hypersensitivity**
Ambulatory care
portable oxygen delivery modes and functional exercise capacity in COPD, 344
American Thoracic Society
specific conductance criteria for positive methacholine challenge test, 1168
Aminoglycosides
inhaled, for cystic fibrosis, 665
Antibiotic drugs
for cystic fibrosis, 628, 658
Anticholinergic drugs
inhaled, for stable COPD, 1060
Antimicrobial resistance
inhaled antibiotics for cystic fibrosis, 666
Antineoplastic agents
acute fibrinous and organizing pneumonia caused by decitabine (case report), 1263
Aorta
late presentation of double aortic arch in children with asthma (case report), 1402
Arformoterol
breathing pattern influence on nebulization and delivery, 1488
output and aerosol properties of five nebulizer systems, 1342
Asthma
administration of inhaled bronchodilators (editorial), 455
adult disease management (review article), 878
book reviews
Allergy and asthma: practical diagnosis and management (Mahmoudi M), 265
Asthma (Currie GP), 979
Asthma care in the community (Waldron J), 127
Clinical asthma (Castro M, Kraft M), 1507
chronic disease and care management programs for adults (editorial), 844
late presentation of double aortic arch in children with (case report), 1402
noninvasive ventilation for
in emergency department, 1306
randomized controlled trials, 121
specific conductance criteria for positive methacholine challenge test, 1168
translating evidence into practice, 1386
Attitude of health personnel
metered dose inhaler with spacer vs. nebulizer for SARS treatment, 855
Autogenic drainage
technique, 747
Automatic tube compensation
for ventilation weaning in neuroparalytic snake bite injuries, 1697

B

Bacterial infections
bacterial colonization of respiratory therapists' pens, 500
in cystic fibrosis, 628, 641
Bench evaluations
Acapella device, pressure characteristics under different conditions, 1480
design parameters for positive expiratory pressure therapy bottle device, 504
LTV-1000 portable ventilator, accuracy of oxygen cylinder duration calculator, 1183
self-inflating resuscitation bag, oxygen concentrations without reservoir, 1665
Beta2-adrenergic agents
inhaled, for stable COPD management, 1065
Biofilms
formation in cystic fibrosis, 628
Biopsy
book review
Transbronchial and endobronchial biopsies (Cagle PT, Allen TC, Kerr KM), 1122
Blowing therapies
techniques, 743
Body position
obesity and functional residual capacity, 320, 334

resting lung volume in overweight and obese subjects, 334

Book reviews

Airway management in emergencies (Kovacs G, Law JA), 266
Allergic diseases diagnosis and treatment, 3rd ed (Lieberman P, Anderson JA), 1503
Allergy and asthma: practical diagnosis and management (Mahmoudi M), 265
Asthma (Currie GP), 979
Asthma care in the community (Waldron J), 127
Chest radiology: the essentials, 2nd ed (Collins J, Stern EJ), 671
Chest X-ray made easy (Karthikeyan D, Chegu D), 129
Chronic obstructive pulmonary disease: a forgotten killer (Midgley C), 399
Clinical asthma (Castro M, Kraft M), 1507
Clinical tuberculosis, 4th ed (Davies PDO, Barnes PF, Gordon SB), 674
Color atlas and text of pulmonary pathology, 2nd ed (Cagle PT), 1121
The comfort of home for chronic lung disease: a guide for caregivers (Meyer MM et al), 402
Cough: from lab to clinic (Korpas J et al), 130
Critical care: just the facts (Hall JB, Schmidt GA), 131
CT of the airways (Boiselle PM, Lynch DA), 267
Diagnostic pulmonary pathology, 2nd ed (Cagle PT et al), 1416
Egan's fundamentals of respiratory care, 9th ed (Wilkins RL et al), 545
Emergencies in critical care (Beed M et al), 547
Evidence-based emergency care. Diagnostic testing and clinical decision rules (Pines JM, Everett WW), 801
Fishman's pulmonary diseases and disorders, 4th ed (Fishman AP et al), 268
From both ends of the stethoscope (Petty TL), 1505
Hyperbaric medicine practice, 3rd ed (Kindwall EP, Whelan HT), 979
In the clinic: practical information about common health problems, from the pages of Annals of Internal Medicine (Laine C, Goldmann, DR), 1502
Infection prevention and control: theory and practice for healthcare professionals (Weston D), 400
Integrated cardiopulmonary pharmacology, 2nd ed (Colbert BJ, Kennedy BL), 1739
Interpretation of pulmonary function tests: a practical guide, 3rd ed (Hyatt RE et al), 1416
Jeff May's healthy home tips: a workbook for detecting, diagnosing, & eliminating pesky pests, stinky stenches, musty mold, and other aggravating home problems (May JC, May CL), 673
Living with your heart & lungs (Bryant SL, Obst G), 1736
Lung cancer, 3rd ed (Roth JA et al), 803
Managing chronic obstructive pulmonary disease (Blackler L et al), 127
Managing in health care: business strategy (Moseley GB), 1273
Manual of emergency airway management, 3rd ed (Walls RM, Murphy MF), 1508
Manual of pulmonary function testing, 9th ed (Ruppel GL), 403
Mechanical ventilation, 2nd ed (MacIntyre NR, Branson RD), 269
Medical statistics: a textbook for the health sciences, 4th ed (Machin D et al), 401
Noninvasive ventilation made simple (Kinnear WJM), 264
Overcoming steroid insensitivity in respiratory disease (Adcock IM, Chung KF), 1271
Paediatric respiratory medicine (Hull J et al), 982
Pediatric respiratory medicine, 2nd ed (Taussig LF, Landau LI), 1414
Peer review and manuscript management in scientific journals: guidelines for good practice (Hames I), 271
The pulmonary epithelium in health and disease (Proud D), 1272
Pulmonary hypertension (Hill NS, Farber HW), 1414
Rau's respiratory care pharmacology, 7th ed (Gardenhire DS), 398
Respiratory care patient-driven protocols, 3rd ed (University of California San Diego, Respiratory Services) (PDF), 981
Respiratory medicine: clinical cases uncovered (Baker E, Lai D), 1738
Respiratory nursing: a core curriculum (Geiger-Bronsky M, Wilson DJ), 1123
Sleep and breathing in children: developmental changes in breathing during sleep, 2nd ed (Marcus CL et al), 1270
Sleep disorders: diagnosis and therapeutics (Pandi-Perumal SR et al), 1737
Sleep in children: developmental changes in sleep patterns, 2nd ed (Marcus CL et al), 1270
Sleep medicine (Smith HR et al), 803
Sleep medicine: essentials and review (Lee-Chiong, T Jr.), 802
Teaching in your office: a guide to instructing medical students and residents, 2nd ed (Alguire PC et al), 544
Textbook of pleural diseases, 2nd ed (Light RW, Lee YCG), 672
Transbronchial and endobronchial biopsies (Cagle PT et al), 1122
Ventilatory support for chronic respiratory failure (Ambrosino N, Goldstein RS), 265
Workbook for Egan's Fundamentals of respiratory care, 9th ed (Wilkins RL, Wehrman S), 546

Workbook for Rau's respiratory care pharmacology, 7th ed (Gardenhire DS, Harwood RJ), 398

Breathing patterns
budesonide delivery from 30 jet nebulizer/compressor combinations using infant/child breathing patterns, 1671
influence on nebulization and delivery of arformoterol, 1488

Breathing tests
technique and rapid shallow breathing index (editorial), 1449
variation in rapid shallow breathing index, 1462

Bronchial provocation tests
specific conductance criteria for positive methacholine challenge test, 1168

Bronchiectasis
varicose, bronchopulmonary dysplasia and (case report), 1493

Bronchiolitis obliterans organizing pneumonia (BOOP)
other organizing pneumonias vs. (editorial), 1020
secondary, vs. cryptogenic organizing pneumonia, 1028

Bronchoalveolar lavage
non-bronchoscopic, vs. semi-quantitative endotracheal aspirates for diagnosing ventilator-associated pneumonia, 1453
ventilator-associated pneumonia, evidence-based diagnosis (editorial), 1446

Bronchodilators, bronchodilatation and bronchodilator administration
administering inhaled bronchodilators (editorial), 455
for COPD, 2007 GOLD guidelines, 1042
pharmacotherapy for stable COPD, 1058. Correction, 1501

Bronchopulmonary dysplasia
classification and pathophysiology, 1252
interventions and preventive strategies, 1255
management of, 1258
mechanical ventilation for, 1257
patent ductus arteriosus and, 1257
surfactant replacement therapy in neonates, 1203
varicose bronchiectasis and (case report), 1493

Bronchoscopy
CPAP and noninvasive ventilation during, 212

Budesonide
in vitro delivery from 30 jet nebulizer/compressor combinations using infant/child breathing patterns, 1671

C

Caloric intake
nutritional support and treatment outcome in critical illness, 1688

Calorimeters and calorimetry
measured vs. predicted energy requirements in critically ill cancer patients, 487
predictive equations for caloric requirements in critical illness, 453, 509

Carbon monoxide
therapeutic use, 925

Cardiovascular diseases and disorders
book reviews
Integrated cardiopulmonary pharmacology, 2nd ed (Colbert BJ, Kennedy BL), 1739
Living with your heart & lungs (Bryant SL, Obst G), 1736

Cardiovascular system
dinosaur physiology: circulatory and respiratory function (Egan Lecture), 887

Caregivers
book review
The comfort of home for chronic lung disease: a guide for caregivers (Meyer MM et al), 402

Case reports
acute fibrinous and organizing pneumonia caused by decitabine, 1263
airway pressure-release ventilation in pregnant patient with ARDS, 1405
late presentation of double aortic arch in children with asthma, 1402
noninvasive ventilation for respiratory failure from ATRA syndrome in pregnancy, 969
post-traumatic pulmonary pseudocyst, 538
pulmonary embolectomy, 390
reading of, 1372
recurrent pleural effusion from ventriculopleural shunt, 1112
snoring and growth failure in cystic fibrosis, 1727
varicose bronchiectasis and bronchopulmonary dysplasia, 1493

Chest compression, high frequency
following thoracic surgery, 340
postoperative, safety of (editorial), 322
techniques, 744

Chest imaging
book reviews
Chest radiology: the essentials, 2nd ed (Collins J, Stern EJ), 671
Chest X-ray made easy (Karthikeyan D, Chegu D), 129
primary pulmonary lymphoma and nonresolving pneumonia (teaching case of the month), 1266
pulmonary mass in immunocompromised patient (teaching case of the month), 973

Chest physical therapy
Acapella device, pressure characteristics under different conditions, 1480

cough augmentation techniques in neuromuscular disease, 359
mechanical insufflation/exsufflation and airway clearance in neuromuscular disorders, 1473
post-operative, high frequency chest-wall compression vs., 340
techniques, 739
Chest wall
mobility and pulmonary function in COPD, 1703
Children *See also* **Pediatric respiratory care**
book reviews
Sleep and breathing in children: developmental changes in breathing during sleep, 2nd ed (Marcus CL et al), 1270
Sleep in children: developmental changes in sleep patterns, 2nd ed (Marcus CL et al), 1270
budesonide delivery from 30 jet nebulizer/compressor combinations using infant/child breathing patterns, 1671
late presentation of double aortic arch as asthma (case report), 1402
varicose bronchiectasis and bronchopulmonary dysplasia (case report), 1493
Chloride channels
stimulation in cystic fibrosis therapy, 600
Chronic lung disease
pulmonary rehabilitation for, 1091
smoking treatment and prevention, 1082
Chronic obstructive pulmonary disease (COPD)
book reviews
Chronic obstructive pulmonary disease: a forgotten killer (Midgley C), 399
Managing chronic obstructive pulmonary disease (Blackler L et al), 127
chest wall mobility and pulmonary function, 1703
continuous positive airway pressure for, 62
exercise rehabilitation for (editorial), 318
flawed fixed ratio for diagnosing (letter), 1500
hallway vs. treadmill 6-minute-walk tests for, 1712
hyperosmolar saline for, 318
hypertonic vs. normal saline inhalation with exercise training, 327
inhaled bronchodilators, administration of (editorial), 455
long-term oxygen therapy technologies, 1100. Correction, 1413.
noninvasive ventilation for
in acute-care setting, 40
in emergency department, 1306
helium-oxygen gas mixture during exercise, 1175
randomized controlled trials, 116, 121
shortening duration of mechanical ventilation, 198
portable oxygen delivery modes and functional exercise capacity, 344
prevention and management of exacerbations, guidelines, 1045
pulmonary rehabilitation for, 1091, 1163
smoking treatment and prevention, 1082
spirometry in diagnosis and management, 1050. Correction, 1501
stable
management guidelines, 1041
stepwise management with inhaled pharmacotherapy, 1058. Correction, 1501
translating evidence into practice, 1386
2007 GOLD guidelines as comprehensive care framework, 1040. Correction, 1501
Circulation
dinosaur physiology (Egan Lecture), 887
Clinical practice guidelines. *See* **Guidelines, recommendations and statements**
Clinical trials
hypertonic vs. normal saline inhalation with exercise training for COPD, 327
legacy of NIH Acute Respiratory Distress Syndrome Network (Kittredge Lecture), 912
noninvasive ventilation
for acute respiratory failure, 116
complications in acute care, 246
CPAP vs., for acute cardiogenic pulmonary edema, 186
shortening duration of mechanical ventilation, 198
Communication
e-mail communication in smoking-cessation program, 1024, 1033
reading case reports, 1372
reading scientific research paper, 1366
Comparative physiology
dinosaurs, circulatory and respiratory function (Egan Lecture), 887
Computed tomography (CT). *See* **Tomography, emission-computed**
Computer software
Acapella device, pressure characteristics under different conditions, 1480
Conference proceedings
cystic fibrosis, 586, 726
aerosol antibiotics for, 658
aerosol delivery devices, 754
airway clearance guidelines and implementation, 733
bacterial infections in, 628
Cystic Fibrosis Foundation mission, 788, 799
foreword, 586
infection control in, 641
lung transplantation for, 777
monitoring disease severity, 606, 797
mucus, phlegm, and sputum, 726
pathogenesis and new treatments, 595, 797
pulmonary complications, 618

respiratory care for hospitalized patient, 769
respiratory therapist role in, 587
summary, 796
neonatal respiratory care (New Horizons Symposium), 1193
bronchopulmonary dysplasia, 1252
extracorporeal membrane oxygenation for respiratory failure, 1244
nasal continuous positive airway pressure in, 1209
oxygen therapy, 1193
surfactant replacement therapy, 1203
volume-targeted vs. pressure-targeted mechanical ventilation, 1236
noninvasive ventilation in acute care, 38, 186
for acute respiratory failure, randomized controlled trials, 116
for cardiogenic pulmonary edema, 186
characteristics of successful program, 53
complications of, 246, 262
for do-not-intubate patients, 223
foreword, 38
history and epidemiology of, 40
initiating program for, 232
interfaces and humidification, 71, 260
locations for delivery of, 62
novel uses of, 212, 262
physiologic effects, 102, 261
shortening duration of mechanical ventilation, 198
summary, 259
ventilators and modes for delivering, 85

Continuous positive airway pressure (CPAP)
during bronchoscopy, 212
for COPD, 62
nasal, in neonatal respiratory care, 1209
noninvasive ventilation vs., for acute cardiogenic pulmonary edema, 186
for obesity hypoventilation syndrome, 212
in postoperative care, 212

Tuberculosis
book review
Clinical tuberculosis, 4th ed (Davies PDO, Barnes PF, Gordon SB), 674
therapeutic pneumothorax for (teaching case of the month), 542
Tubes, endotracheal
physiologic impact of closed-system suctioning in spontaneous breathing during mechanical ventilation, 367
Y-piece temperature and humidification in mechanical ventilation, 480

U

User interface
for noninvasive ventilation, 71
respiratory mechanics display in mechanical ventilation, 941

V

Venous thrombosis
pulmonary embolectomy for (case report), 390
Ventilation, noninvasive. *See* **Noninvasive ventilation**
Ventilation, pressure-support
automatic tube compensation with, for ventilation weaning in neuroparalytic snake bite injuries, 1697
physiologic effects of noninvasive ventilation, 102
volume control vs., for noninvasive ventilation, 85
Ventilator circuits
moisture accumulation in inline spacer and aerosol delivery with metered-dose inhaler, 1336
Ventilators, portable
LTV-1000, accuracy of oxygen cylinder duration calculator, 1165, 1183
Ventilatory pattern
in noninvasive ventilation delivery, 85
Ventriculopleural shunt
recurrent pleural effusion from (case report), 1112
Visioning
creating future vision for respiratory care, 375
Vital capacity
maximal respiratory mouth pressures in adults, 1348
Vocal cord dysfunction
clinical and lung function variables in, 467

W

Walking
hallway vs. treadmill 6-minute-walk tests in COPD, 1712
Weaning from ventilatory support
automatic tube compensation with pressure-support ventilation, in neuroparalytic snake bite injuries, 1697
closed-loop control of, 934
noninvasive ventilation shortening duration of mechanical ventilation, 198
physiologic impact of closed-system endotracheal suctioning in spontaneous breathing, 367
technique and rapid shallow breathing index (editorial), 1449
tracheostomy tube at ICU discharge and increased ward mortality, 1644
variation in rapid shallow breathing index and measurement techniques, 1462
Work of breathing
in adaptive pressure control ventilation, 1467
expiratory regulation and Servo-i ventilator during invasive neonatal ventilation (letter), 1118
New ventilatory dual mode: are we ready to perform large clinical trials? (editorial), 1451
noninvasive ventilation effects on, 102
Workload
respiratory care, comparison with 2 different nebulizers, 495
Writing for publication
book reviews
Peer review and manuscript management in scientific journals: guidelines for good practice (Hames I), 271
